

Greetings from Arizona

It is our great pleasure and honor to host the first Korea-Arizona Trauma Summit (KATS) meeting. We are delighted you will be participating in this unique international partnership focused on sharing the latest medical innovations, best practices, and trauma system implementation and measurement of care for trauma patients.

Our sincere hope is that through this gathering the Korean National Trauma System and the Arizona Trauma System will evolve, advance, and lead the progress of trauma care in Korea, Arizona and on a global scale.

These international collaborations will become the model for the promotion of medical advancements that will result in improved medical care and outcomes for our citizens.

We formally welcome the delegates of the Korean Trauma Society and we hope you enjoy your stay in sunny Arizona.

Respectfully,

Bentley J. Bobrow, MD FACEP FAHA
Medical Director

Bureau of Emergency Medical Services and Trauma System
Arizona Department of Health Services

Professor of Emergency Medicine

University of Arizona College of Medicine – Phoenix Campus
